

1 From the station, turn right to go over the railway crossing and enter the car park.

Follow a path along the left-hand side of the roadway to the bottom left corner of the car park.

Cross a ditch on the left and go right to follow a path downhill, crossing a causeway to reach a gate.

Take the left-hand path. Keep ahead across the field, which descends to a footbridge over a stream in the bottom right hand corner. (The descent to the footbridge is very steep and may be very slippery in wet weather).

Cross the bridge and go left to reach a gate on your right serving a crossing path.

Do not cross the gate but go left, across the field to a bridge over a stream.

Cross the bridge and climb the bank ahead, then maintain direction to cross two more gates to reach the Kent & East Sussex Railway.

Take care here, particularly with children - Stop, Look and Listen before crossing the track.

2 Cross through a gate, and another on the other side of the track, to enter a cemetery.

Continue on a path that climbs through the left-hand side of the cemetery, passing to the right of a small pond, to reach a gate in the top left-hand corner.

Keep ahead to reach an enclosed path on the right hand side which passes between dwellings.

Keep ahead through Hurst Close, which descends to a junction with the Cranbrook Road.

Cross the road and enter a field opposite. Go diagonally right, heading towards a large oak tree ahead, and continuing to reach a tall gate. (May be difficult for the less agile, families with small children or people with dogs). Cross the gate into the next field and maintain direction to a gate in the bottom right-hand corner, adjacent to the railway.

Cross the gate and follow a hedge to reach a gated railway crossing.
