

Ian Campbell Legg DipM MCIM

I'm 64 years old and a long standing, and still active, volunteer on the railway doing many roles – from Santa Sleigh Driver to Pullman washing up via Controller, Guard and Signaller. I have been Finance Director for the last two years. My professional career is in marketing, income analysis, product development, fares and retail systems strategies, and I now act as a consultant in these areas in the rail industry. I'm a member of the Chartered Institute of Marketing.

The contribution I hope to continue to make as a board member is in helping improve the Railway's finances, so it is fit for the future. My work experience that I can bring to the Railway is in understanding the developments needed to meet market needs and the analysis of income performance coupled with the need for strong financial management. My long experience of railways in general, and the KESR as a volunteer in the operating department, means I can also help develop the Railway's Robertsbridge challenge.
